The package of each bouncer includes inflating fan:

330 W for 59314, 59072;

450 W for 59236, 59112, 59160, 59271;

680 W for 59060, 59109.

A new attraction for your children! They can fully enjoy their favorite activities - jumping, sliding, crawling and to spent many hours of great fun and healthy exercise. Bouncy castles are suitable for children from age of 3 years. Bouncy castle sides are fitted with soft mesh security nets for the best safety of your children during play. Ground pins are provided for firm anchor of the castle to the ground. A big advantage is the minimal storage space needed - just simply deflate and fold. Bouncy castle is inflated within 1 minutes.

ATV have a metal frame as classic motor-powered ATV, just the drive is electric and silent. This allows you to ride also at the places where you would disturb the others by operation the classic petrol ATV. Thus, children can go along with you in the park or a walk in the forest. You can select the mode max. 8 km/h, max 20 km/h or max. 35 km/h according to the skills of the child. Mode is selected by the key, after its removing the child cannot change it by itself.
